

SAVE OUR LOCAL HOSPITAL SERVICES

PUBLIC MEETING IN BIDEFORD

- Our local hospital and healthcare services are under threat.
- North Devon District Hospital's maternity unit could close
 - Paediatric & neonatal services could be lost from N. Devon
 - The future of stroke services in N. Devon remains uncertain
 - 1 in 6 beds across Devon could close
 - Emergency services (A&E) could be greatly reduced

All members of the public are warmly invited
to attend a meeting in support of

NORTH DEVON

SAVE OUR HOSPITAL SERVICES

www.sohs.org.uk

Monday 28 November 7.00pm
Pollyfield Centre, East-The-Water

This informal meeting will be hosted by Bideford residents who support Save Our Hospital Services Devon, an open, broad-based, non-aligned group that has come together with the single aim of campaigning against the proposed cuts to our local hospital and healthcare services.

At the meeting, we will provide the information that we have on this issue, explain how you can help to fight the cuts and, to the best of our ability, answer any questions you may have.

There will also be an opportunity to voice your concerns in the company of other local people.

We look forward to seeing you.

If you have any questions, please e-mail:
cathy.slaughter@tiscali.co.uk
